

Provider Notice

To: PerformCare Network Providers, all Levels of Care
From: Dan Eisenhauer, Director of Operations
Date: February 16, 2022
Subject: AD 22 100 Reporting Social Determinants of Health (SDoH) Diagnoses

Summary: PerformCare issued Provider Notice AD 21 102 Reminder to Collect Social Determinants of Health (SDoH) Data to Address Members' Unmet Needs on April 7, 2021, indicating that PerformCare will assess, identify, and address health care and social determinants of health needs in the populations we serve; helping to enable them to live healthier lives and achieve maximum independence. PerformCare also provided training about collecting and reporting SDoH information on claims using Z codes on June 11, 2021 found here <https://pa.performcare.org/assets/pdf/providers/education-training/reporting-sdoh-z-codes.pdf>

Background: PerformCare is issuing this notice to provide additional details about submitting Z codes on claims. The Previous Provider notice had a summary of SDoH Z Codes listings and this notice includes a complete listing of all Z codes in the ICD 10 range Z55 to Z65. Please note that some Z codes require a 4th or 5th digit to note additional specificity. In addition, new Z codes were added effective 10/1/2021.

Z55 Problems related to education and literacy (existing category).

Z55.5 Less than a high school diploma (new code).

Z58 Problems related to physical environment (existing category).

Z58.6 Inadequate drinking-water supply (new code).

Z59 Problems related to housing and economic circumstances (existing category).

Z59.01 Sheltered homelessness (new code).

Action Needed: PerformCare continues to see several providers who are not submitting any Z Code SDoH Diagnoses for any Members served. PerformCare requires relevant SDoH Z Codes to be submitted on claims forms. Providers are also encouraged to review the training materials and develop processes to assess and periodically reassess Members for changes in SDoH and make appropriate updates to Z Code diagnosis information in your internal systems to reflect when SDoH factors have changed or been addressed and are no longer affecting the Member, such as the Member secured stable housing.

Below are the ICD 10 codes and descriptions for classifying relevant SDoH reportable factors in the ICD 10 range Z55 to Z65.

SDoH Description	Applicable ICD-10 Codes
<p>Problems related to education and literacy Z55</p> <p>Type 1 Excludes disorders of psychological development (<u>F80-F89</u>)</p>	<p>Z55.0 Illiteracy and low-level literacy</p> <p>Z55.1 Schooling unavailable and unattainable</p> <p>Z55.2 Failed school examinations</p> <p>Z55.3 Underachievement in school</p> <p>Z55.4 Educational maladjustment and discord with teachers and classmates</p> <p>Z55.5 Less than a high school diploma</p> <p>Z55.8 Other problems related to education and literacy</p> <p>Z55.9 Problems related to education and literacy, unspecified</p>
